CORPORATE SERVICES MENU

Event/Party Services

Event lighting:

There is no better way to make an impact than with AMS lighting. Wall up-lighting adds color to elegantly accent your event by lighting the entire room from floor to ceiling. With atmospheric lighting we can paint beautiful images, like your company's logo, on an otherwise blank canvas, setting a scene and creating a mood that is ideal for your event. For the dance party portion of the evening, the very same lights can transform the room into a dance club. These moving lights create a high-energy atmosphere that will stylishly invite everyone to the dance floor and make the night unforgettable.

Entertainers:

Whether you are in the market for a DJ, band, pianist, vocalist, string ensemble, jazz trio, or something completely unique for your event, we can custom design the music offering specifically for you. AMS currently enlists over 100 bands and dozens of DJs.

Photo Booth:

Our unusually large photo booth can hold up to 15 people at a time! It includes four hours of unlimited use, two 2x6 strips per session, props, attendant and DVD containing all images. Your company logo can also appear at the bottom of each strip!

AMS will deliver the latest professional AV technology every time

- Overhead projector
- Plasma screen
- LCD monitor
- Lighting equipment
- PA System
- Full corporate event and staging

AMS audio and visual technicians are specialist in cutting-edge audio, video, lighting, and staging solutions for conferences, meetings, and special events.

Corporate AV:

Helping clients plan their presentation needs, choose equipment and services that meet their requirements and budget, and ensure that event presentations are successful from start to finish.

Permanent Corporate AV:

AMS provides a complete resource to our clients who are looking for a host of permanently installed AV solutions including: permanent installations, preventive maintenance, equipment repair, equipment sales, onsite technical support, video editing, and onsite video production.

Visual Solutions:

We offer a wide variety of screen options from 46 inch plasma or LCD up to 10 foot projector.

Recording and Archiving:

AMS can record your meeting or seminar using the latest digital technology.

We provide our clients with their event on CD, MP3 or USB thumb drives with your company's logo and event title printed on it!

From an AMS Client

Attorney F William O'Connor, Esq., says about AMS...

"We have used Audio Media Solutions on several different occasions. The AMS crew is professional and do an excellent job at setting-up and handling the AVA needs for our events. I can enthusiastically recommend Audio Media Solutions, LLC for any of your conference needs."
